Thanks again!

Jean!
Wonderful to hear from you. I would be delighted to help you and Region 8 but need to check with Matt Tejada first. I have had general discussions with a range of folks across the EJIWG about potential approaches. Perhaps we can revisit these options for addressing your needs.
Thanks again!

Suzi, welcome back from our prolonged break. Since we have been back we are hard at it with the Dewey Burdock issue. I know that you are probably swamped with stuff to do, but we were wondering if we can get some assistance with the second part of the Dewey Burdock issue. We met late last week to discuss the EJ Analysis and how the timing of that is going to look. As part of that analysis we are hoping that you could help us with one of the central issues that we will

Ex. 5 Deliberative Process (DP)

let me know. If not, I understand but would also like to know that, so either way please let me know. I hope you understand what we are looking for and if not, please feel free to give me a call. Thanks so much for any assistance you can give the Region.
